Avanta provides high quality serviced offices across the UK as well as highly equipped Meeting and Training Rooms.

Now we're looking for affiliate partners to help spread the good news...

Attractive services. Excellent rewards

Businesses of all types and sizes, from sole traders to corporates, use Avanta's services - and we'll pay you an attractive commission on every successful referral you make!

How the figures add up

We pay 5% of contract value per completed deal on serviced offices so if, for example, one of your referrals took a 10 work-station office for 12 months, you would earn £3,000* (at average licence rates).

That would mean that just one successful referral per month could earn you £36,000 per year.

Meeting and training room bookings meanwhile attract 10% commission per booking, which on average equates to £300* if your referral takes a room for 5 days.

That could equate to over £20,000 a year if you made 6 successful referrals a month for weekly room hire. It all adds up!

There's no limit to the commission you can earn. And we will give you a unique affiliate code that lets you track your referral traffic and commissions.

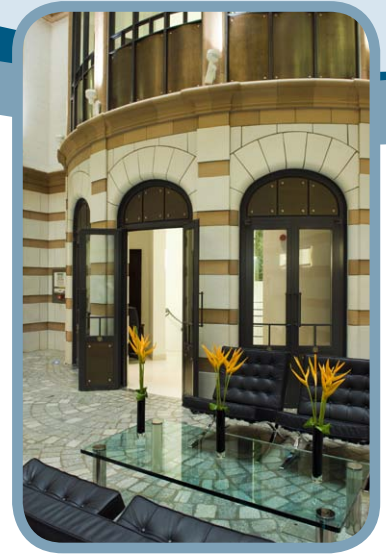

Here's the next step...

The entire referrals process is very simple to set up, so very soon you could be earning additional revenue.
